**Academics**

2008/2009 – currently in grade ten, university track program

2007/2008 – grade nine average 75% (university track)

**Current Interests**

This summer of 2008 gave me some excellent football development experiences. I am pleased with my decision to play up in Junior Falcon Football rather than playing in my Falcon Pee Wee age group, as the challenges at the junior level gave me good opportunities for athletic growth as did my week at the University of Michigan football camp. In late August, I began football practice with my high school's team at STA where I am playing up in senior rather than taking my final year at the junior level. Also in my plans for this school year is to play STA basketball and represent my school at track and field.
